## Microblading *Price list*

- Microblading only      N40,000      1 Hour

This involves manually doing semi permanent then stroking of the brows frame work of the brows with the shading pen and pims to mimic natural natural eye brow hairs which make it look natural and realistic enough as well defined. Iti is usually the first step in semi permanent brows. Perfect for sparse to moderate brows.

- Microshading      N40,000      2 hours

Also called powder or Ombre brows is a semi permanent eyebrow technique that involves the use of tatoo machines to shade over the microbladed brows. It creates a soft flawless finish with lasting results. Perfect for those that love filled in make up look.

- NOTE;

The Microblading artist will consider all the variables involved and give you the best advise to suit your unique needs. I advise you listen and act accordingly. Booking should be done in advance for microblading.
