NOTE: It is Better to book for an appointment well ahead of time, to cut waiting time at the spa. Two or three procedures can be done at the same times..

- ## Mini body wash

This super quick glow procedure is for those with super sensitive skin and had no time on their hands. It quickly buff away dead skin and gives you a smooth fresh radiant skin. { scrub, steam, moisturize }

- ## Full body polish

This is the ultimate skin reset as it gently exfoliates dead skin to reveal smooth glowing skin and leaves you feeling refresh and renew while you start using your skincare product to give best results. { wash, scrub, steam }

- ## Hammam Bath

This is timeless luxury from ancient Rome helps de-stress cleanse and detox the skin leaving it well oxygenated, detoxified, clean and glowing to restore balance like no ordinary bath can

- ## Moroccan bath

This is an ancient ritual of deep cleansing and total rescue from stress and toxins uses the traditional black soap from olive oil to deep cleanse the skin for results that are as luxurious as the procedure

- ## Egyptian whitening bath

This complexion focused luxury bath leaves your skin looking too sleek, brighter, and luminous from head to toe. Say goodbye to dull complexion and hello to lighter sharper skin tone. { wash, scrub, whitening, steam }

- ## Full chemical body peel

This is the ultimate upgrade for your skin glow game. This powerful treatment dives deep to dissolve dull, dead skin and reveal fresh luminous layers underneath with expertly formulated exfoliating acids it smooths the texture, fade out spot and boost radiant from head to toe. { time 3-7 days, follow up instruction will be given }

- ## Steaming only

This is steam focused procedure is especially for gym junkies and active individuals who want faster results from their training and detox session. Heat looses tight muscles, detox the body. Melt away fatigue, boost circulation of blood flow an enhances flexibility. { bath, steam }

- Stretchmark treatment

This specially crafted wash procedure targets stubborn stretch marks and improves skin elasticity, infuse collagen, smoothens uneven skin and supports natural skin renewal. { wash treat, steam, recover} Note that after care treatment is needed.

- Anti cellulite treatment wash

This skin transforming treatment is designed to smooth, firm and visibly refine uneven texture. It works by gently exfoliating dead skin cells while booting circulation to helps break down stubborn cellulite. Skin look lighter more toned and radiate a healthy glow.

- Charcoal polish

A charcoal polish is your ultimate detox and glow boosting secret. It draw out impurities, excess oil and toxin leaving your skin deeply cleansed. It perfect for all skin types. Experience the power of charcoal and step out with skin that truly glows. { wash, steam, coal, glow}

- Traditional body wash

Experience the timeless ritual of glowing with home growing ingredients and techniques that removes impurity, unclog pore and restore your skin natural radiance. Perfect for all skin types, leaves your skin smoother brighter, softer and revitalized just like nature intended. { wash, prep, scrub, steam, treat, glow}
